

Pastor Danny and Jenny's Daily Updates

Sat March 27, 2010

1Co 12:8&10 For to one is given by the Spirit... the working of miracles;

We are continuing our emphasis on "miracles" as we celebrate Palm Sunday. Who did the people come to see as they cried "hosanna" and placed palm branches in His path? **The miracle worker.** God still works miracles today.

Last Sunday night we watched a special video of a great healing evangelist. He has been noted for the many miracles he has witnessed in his life and ministry. Our faith was certainly inspired. He told of a story about a Lepersorium in the Bahamas. He went to this facility and the entire population of 100 lepers was healed!

Don't give up on your miracle. Our God is a miracle working God. He wants our miracle more than we do. Let that sink in. Meditate on that.

Sometimes when I am counseling people who are facing great and grave problems, I find they do what I have done many times - try to figure out how God is going to give their miracle, or even worse, why they have not experienced it yet.

This is what I say. "God wants your miracle. He paid the price through Jesus Blood to give us a miracle. He told us to ask. I don't have all the answers for the "whys". Let's just stick with "what we know" and expect God to keep His Word.

I believe there has been a "miracle flow" released upon our congregation. Just this week we had an awesome praise report of a loved one who came off of life support.

Jump into the healing waters - Jump into the miracle flow.

I want to pray for you right now. "Heavenly Father, in the Name of Jesus I thank you for this loved one that you have allowed me to pastor or be a spiritual supply line. I ask for the riches of your grace to be unleashed upon their life. Father, you know many of us need miracles. Some need miracles just to keep on living. Some need miracles to remove the pain of life away. We all need miracles to "feed the multitudes" with our few "loaves and fishes". Come now Holy Spirit. As your servant, I release the healing anointing. I release the miracle flow. Do wonders among your people, In Jesus Name. Amen!"

We send our love to you. Pastors Danny and Jenny
